Road Safety Week

As we have been learning about road safety this week, we wanted to share some reminders with parents to reinforce correct road safety behaviour in children as they don't have the skills to use roads safely and do not fully understand the dangers.

- Reduce your vehicle speed and stay alert for people crossing the roads
- DO NOT** cross the road between two parked cars
- Make sure you hold your child's hand when crossing roads
- DO NOT** wait or park on the double yellow lines and **DO NOT** leave children in cars when dropping or picking your child from pre-school
- Remind children to "look right, look left, look right again, listen and only cross when all vehicles have stopped"
