The benefits:

Research has shown that good quality early education can:

- Improve children's development, including communication skills
- Be the first steps towards getting ready for school
- Give them access to exciting places to play and new activities including messy play

Early education gives you the opportunity to spend more time with older children in your family, it allows you to return to work, volunteer, study for a qualification or just have some 'you' time.

Will my child be safe?

All early education is provided by registered professionals on Ofsted registered sites who have been fully police checked.
